Personal Data Protection Notice for the International Radiological Protection School (IRPS)

The OECD is committed to protecting the personal data it processes, in accordance with its Personal Data Protection Rules.

For the purposes of the IRPS, the Nuclear Energy Agency is collecting personal data, including name, email address, date of birth, gender, nationality, native language, country of residence, institution, job title and work experience from all applicants. The data is used to select and contact the participants, as well as to conduct IRPS-related analysis, i.e., regarding the time zones of the participants and to know which countries are represented, and regarding the level of experience and knowledge of the applicants as well as their professional background to select participants and optimise the learning modules.

The personal data we collect will be stored and retained until October 2025, with the exception of names and email addresses of those who participated in the school. Names and email addresses of the participants will be retained for the purpose of creating an alumni network and conducting future surveys on i) the participants experience of IRPS, and on ii) the impact of the IRPS on the participants' careers. As an IRPS participant, if you wish to not be part of the network and surveys, please send an according message to irps@oecd-nea.org. Only NEA staff have access to your data.

Under the Rules, you have rights to access and rectify your personal data, as well as to object to its processing, request erasure, and obtain data portability in certain circumstances. To exercise these rights in connection with the IRPS please contact irps@oecd-nea.org.

If you have further queries or complaints related to the processing of your personal data, please contact the Data Protection Officer. If you need further assistance in resolving claims related to personal data protection you can contact the Data Protection Commissioner.
